Jarrold Burleigh is a 2001 graduate of Delaware Valley University with a degree in Dairy Science. He has run his agricultural consulting company, balancing rations and mating cows for 20+ years. Along with his wife Marsha and their kids Alexander and Madison, they operate Scarlet-Summer Holsteins in Muncy, PA. They milk 80 Holsteins and 10 Brown Swiss. The herd currently has over 60 EX cows and a BAA of 113.9 and consistently ranks among the top herds in the US. They also bred and developed the 2010 Holstein USA Star of the Breed, Scarlet-Summer RB Gwendelyn (EX-95). Jarrod is always the most comfortable with a microphone in his hand, it doesn't matter if he's alone in a closet or front of a full stadium. It's the same show! Jarrod has been a featured speaker at multiple nutrition conferences, Holstein picnics, and 4-H meetings. He is a student of the breed and a self-professed "pedigree nerd" and reads pedigrees for sales of all breeds 10-15 times per year. He's hosted numerous Holstein tours, judging teams and 4-H meetings, and has judged at the county, district, and state level all over the northeast.
