Top five most significant judging experiences:
- International Dairy Week Brown Swiss Show 2020
- German National Jersey Show 2022
- Hokkaido National Holstein Show Japan 2016
- Argentina Holstein Show 2021
- New Jersey State Fair 2022

Kevin Ziemba is the Global Applied Genetic Consulting Manager for STgenetics, where he and his team provide genetic support and resources to dairy producers. Born and raised on a dairy, Kevin has spent his entire life in genetics. Kevin graduated from Cornell University where he earned a master's degree in quantitative genetics.

Kevin is a very active Cornell alumna, returning to Cornell to guest lecture the Dairy Genetics class each year and has coached the Cornell dairy judging team for the past 9 years. In 2021 his team won the National Intercollegiate Dairy Judging Contest at Madison.

Kevin resides in Durhamville, New York with his wife, Barb and son, Mason. They breed, show and market cattle under the ZBW prefix. They have exhibited All-American Nominees in the Holstein, Jersey, Brown Swiss & Guernsey breeds, culminating in being named Premier Breeder and Exhibitor of the Jersey Heifer Show at the NAILE along with Supreme Champion of the Junior Shows and Reserve Grand Champion on the Jersey Open Show.
